Netnod: A trusted, neutral organisation with more than 25 years working at the core of the Internet.

- Operates the largest **Internet Exchange (IX)** in the Nordics
- Manages I-root, one of world's 13 root name **DNS** servers
- Provides **DNS services** to enterprises and some of the largest Top Level Domains in the world
- Develops **Time and frequency** services with the highest levels of accuracy and security

NET
NOD

The largest IX platform in the Nordics

- > 2 Tbps peak traffic, >200 ASNs

- Built for robustness: 100% uptime since 2002

- Exchange local traffic, and scale across region

Value added services:

- Closed User Group

- Remote IX: Peer across Nordics with one port

- Netnod Time Direct
